

Subscribing to Podcasts

Overview

The below instructions show how to subscribe to CBC's Podcasts in iTunes from the CBC website. These instructions cover subscribing to the Podcasts using Internet Explorer 7, Mozilla FireFox and Safari internet browsers. By following these instructions, you will be able to sync the sermons that you want when you want to your iPod or iTunes compatible device from your computer.

Step 1:

Once at the www.mycbc.net website you will see **Latest Sermons** listed on right side of the page. Under the latest sermons listed you will see the  image and the [Full Feed](#) link. Click on the  image and iTunes will automatically launch if you are using Internet Explorer 7 or Safari. Click on the [Full Feed](#) link if you are using Mozilla FireFox.

Note: iTunes might not automatically launch for Mozilla FireFox users. Please refer to pages two through three for additional steps if iTunes does not automatically launch

Step 2:

iTunes will launch automatically with the CBC podcast listed and titled as "MyChurch Podcast" as seen in the image below. If you double click on the podcast, it will download and play the latest sermon that was posted to the CBC website in your iTunes player.

Step 3:

To see all sermons double click the "MyChurch Podcast". You can now click on  for the individual sermons that you may want or you can click on  if you want to download all of the sermons to your iTunes player. You can now sync the sermons to your iPod or iTunes compatible device.

Note: You can refer to support.apple.com/kb/HT1351?viewlocale=en_US for instructions on how to sync your iTunes capable device.

Additional Steps for Mozilla FireFox users

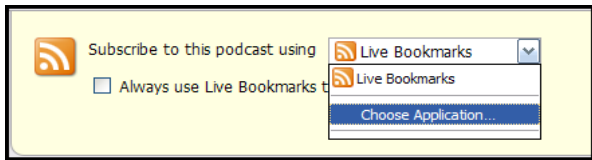

Step 1:

If iTunes does not automatically launch after clicking on [Full Feed](#), you will be directed to a page that provides an option to subscribe to the podcast using “Live Bookmarks” at the top of the page. See the image below.

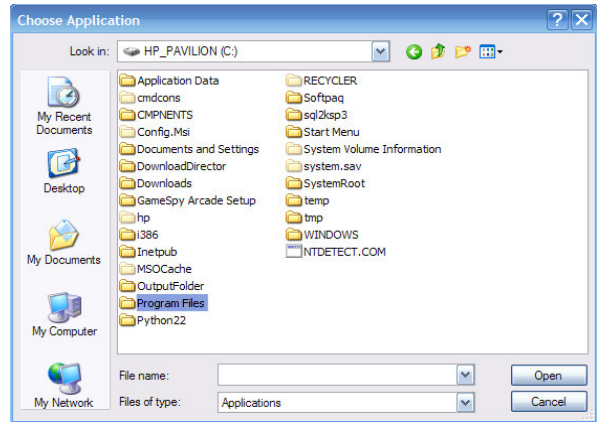

Step 2:

Click the dropdown box and select “Choose Application”.

Step 3:

A “Choose Application” window will populate. Navigate to the **Program Files** folder and double click the folder.

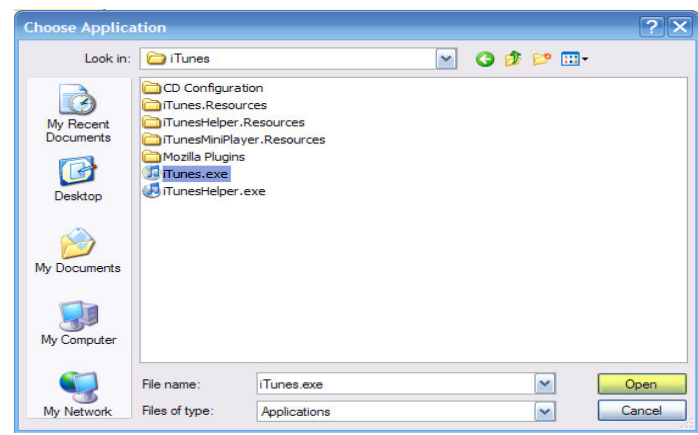

Step 4:

Navigate to the **iTunes** folder in the following window and double click on the folder.

Step 5:

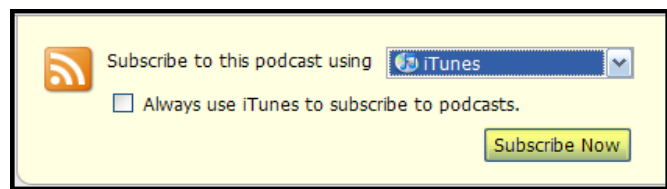

Select **iTunes.exe** in the **iTunes** folder and click the “Open” button in the “Choose Application” window.

Step 6:

The “Choose Application” window will close. Click on the “Subscribe Now” button. iTunes will automatically launch and you should be able to follow steps two through three on page one.

Note: If the “MyChurch Podcast” does not auto-populate in iTunes, follow the steps on page three.
